	<i>Fairy Tale, Veiled, Whale</i> From the dazzling to the daring to the downright bizarre, go inside extreme homes across the globe. We're inside a lit up mansion in Florida, an organic hillside house in Spain, a fairy-tale apartment building in Germany and a Californian cliff house build to weather the sea air. There's a floating residence on the River Thames , a home in Japan that's only 13 feet wide and one built to mimic a breaching whale in Australia. A Canadian house is designed to block out harmful rays while a house in Holland is clothed in a fine white veil. A Portuguese home built like a military bunker and a Californian residence hides luxury amongst raw rocks.
