2023-04-13	1615	History	Elizabeth	Modernising The Monarchy	01	3	At the end of the 1950s, Britain was transforming. The country was on the edge of a social revolution. But the Queen was criticised for being stuck in the past, she was seen as remote and inaccessible. To remain relevant, she embraced modern technology and gave her first ever televised Christmas broadcast, during which she awkwardly battled to overcome her natural reserve. Abroad she was much more successful in adapting to the changing times. She encouraged the former colonies of the British Empire to form a diverse and forward-looking association of nations. Her royal visit to Ghana in 1961, in the face of the British Government's resistance, showed the Queen to be a progressive, defiant and courageous leader of the new Commonwealth. His abdication in 1936 had forced her fragile father, George VI, to take on the heavy burden of Kingship, a responsibility which the Queen Mother blamed for his early death. At the Duke's funeral the Queen was generous to his widow, Wallis, and even persuaded the Queen Mother to join her at the graveside, as an act of reconciliation.
