2020-01-11	2550	Culture & Society	The Shadow World	Shadow World	0	0	Directed by Johan Grimont and based on the globally acclaimed book by Andrew Feinstein, Shadow World reveals how the international trade in weapons - with the complicity of governments and intelligence agencies, investigative and prosecutorial bodies, weapons manufacturers, dealers and agents - fosters corruption, determines economic and foreign policies, undermines democracy and creates widespread suffering. This riveting documentary posits an alternative through the experience of a peace activist and war correspondent, as well as the stories of Eduardo Galeano. Ultimately this documentary reveals the real costs of war, the way the arms trade drives it, how the weapons of war are now being turned against the citizens of liberal democracies, and how the 'shadow world' is taking over.
