2020-06-01	1400	History	<b>Soundtracks: Songs That Defined History</b>		Space Race	01	5	On July 20, 1969 an estimated 600 million people all over the world watched astronauts Neil Armstrong and Buzz Aldrin set foot on the moon for the first time. The moonwalk inspired musicians from David Bowie and the Byrds to Parliament-Funkadelic and Sun Ra to imagine a cosmic future for mankind. However, once the Cold War space race had been won, popular interest in space exploration waned rapidly – as reflected in songs by Elton John and Gil Scott-Heron. In December 1972, NASA launched its final manned mission to the moon, and we have never gone back since. Almost half a century after the moon landing, while our deep yearning to explore the universe lives on in the realm of art and music, its most profound legacy may be the perspective it gave us on our own planet and who we are as a species. 2020-06-02	1410	History	<b>Soundtracks: Songs That Defined History</b>		Out Loud And Proud	01	6	The LGBT movement in America began one night in late June on the streets of Greenwich Village, New York, in a bar called the Stonewall Inn. When police raided the place, gay men and women who had been made to live in the shadows of shame finally decided to fight back against the police, and to demand their civil rights. Bars and dance clubs were - and still are - places of refuge for LGBT people, and the music played on jukeboxes, from Judy Garland to Gloria Gaynor, has also been a vital aspect of the LGBT experience over the past five decades. Although the 1980s and 90s brought the AIDS crisis and anti-gay legislation that threatened the LGBT community, it only strengthened the resolve of activists - and artists - to push harder. Some musicians incorporated aspects of LGBT life into their lyrics. Others have furthered the cause of equality simply by coming out of the closet. This is a struggle that is not over, but with allies in popular culture like Lady Gaga, this episode shows the power of music to raise awareness and to preach tolerance. 2020-06-02	1500	History	<b>Great British Railway Journeys</b>		Winchfield To Crowthorne	05	12	Michael Portillo continues his journey from the Hampshire coast to the West Midlands in a distinctly military vein. At Winchfield, he discovers the vast carriage which carried the Duke of Wellington's coffin to his state funeral at St Paul's Cathedral in 1852 and hears how the Duke's chestnut stallion also received full military honours when he was buried at the Duke's seat, Stratfield Saye. Michael then heads for Farnborough and the army camp at Aldershot, where, after the Crimean War, greater physical fitness among rank and file Victorian soldiers became a priority. Private Portillo joins the regulars to be put through his paces under military instruction. Sanctuary is not far away in Farnborough North at the Benedictine Monastery of St Michael, where Michael visits the tomb of the French Emperor Napoleon III and his family. He ends today's leg of his journey in Crowthorne, where in the year his Bradshaw's was published, there opened a notorious new institution: England's first Asylum for the Criminally Insane, Broadmoor. 2020-06-03	1410	History	<b>Soundtracks: Songs That Defined History</b>		Battle Of The Sexes	01	7	The famous tennis match between Billie Jean King and Bobby Riggs was a galvanising moment for the women's movement. Billie Jean's win was an affirmation to all the women who felt underestimated as simply mothers and housewives. The music of the 1960s and '70s, from Helen Reddy to Leslie Gore to Aretha Franklin was also a kind of subversive force in delivering to women messages of strength and empowerment. The sexual revolution ushered in more provocative music that gave women permission to let loose; Loretta Lynn's 'The Pill' was an outright ode to the wonders of contraception and how freeing it was. Feminism in music has taken many forms, just as the women's movement itself has waxed and waned over the decades. But from Pat Benatar to Salt-n-Pepa to Katy Perry, each generation of young women has found strength and solidarity in female artists who have literally given them a voice. Discover the truth about the King's very open 'secret' second marriage to Francois D'Aubingne. It's been claimed Louis bathed only three times in his entire life. How does that square with the luxurious Turkish bath at the Palace of Versailles or the stories of him disinfecting his skin with alcohol or the fact that he had literally hundreds of pairs of underwear which he changed many times during a day? Tracy will find that the King was very conscious of his height as he was only five feet four inches tall.
