2019-06-23	1930	History	The Rise Of The Clans	New Episode	Brothers At War	01	2	Neil Oliver follows the rise of Clan Stewart to become Scotland's Royal dynasty. It's the blood soaked tale of a bitter family feud. In a vicious contest, using clan power to plot, manoeuvre, and murder their way to power, the story culminates with the dramatic assassination of King James I below a tennis court in Perth, 1437. Neil traces this family feud through clan combat, royal romances, and spectacular Renaissance courts to the brutal torture and execution of the last rival Stewart, Walter Atholl, when the king's widowed Queen Joan wreaks a terrible revenge for his treachery. 2019-06-23	2040	Health, Science & Technology	The Sugar Conspiracy		The Sugar Conspiracy	0	0	This compelling investigative documentary exposes the US sugar industry's systematic hijacking of scientific study to bury evidence that sugar is, in fact, toxic. For forty years, Big Sugar deflected threats to its multi-billion dollar empire through creative PR and tactics strikingly similar to the way the tobacco industry disguised the fact that its products are addictive and cause fatal illnesses. As obesity rates skyrocket and doctors treat the first generation of children suffering from fatty liver disease, the sugar industry has come under increasing scrutiny from emerging scientific and medical studies. While the industry steps up its advertising spin and lobbying efforts, this film warns that we are sitting on a dietary time bomb.	CANADA	English-100	2014	RPT	PG				Y

2019-06-24	1600	History	The Ascent Of Civilization		Carthaginians, The	02	1	This is a journey to the roots of the modern world: from the eclectic Germanic tribes that defied the mighty Romans, to the seafaring Carthaginians that established the first global trade network, and the pioneering Arabs and their advances into modern science. Meet the ancestors that have shaped the world. The Carthaginians were sly merchants and cruel child killers - at least according to the Ancient Romans and Greeks. But research shows that they weren't as bad as their reputation. Their story began around 3,000 years ago, when settlers left their homes in what is now Lebanon to set up colonies around the Mediterranean. The most powerful was Carthage, a bustling Metropolis in what is now Tunisia, with a port that was the envy of the entire world.	GERMANY	German-100	2016	RPT	PG	a l	Y	Y
