2019-09-15	1735	History	Nazi Megastructures		Himmler's Ss	02	4	As Hitler's power grows within Nazi Germany, so does that of the Schutzstaffel, or SS. The SS has humble beginnings in the 1920s as the Fuhrer's personal body guard, but it also engineers Hitler's vision for a new Germany and a pure Aryan race. By the start of the war it has power with politics, police and security and is responsible for the creation of the concentration camps that will become the sites of the worst atrocities the world has ever seen. Its power, influence and terror spread with the creation of a military wing, the Waffen SS. By the end of the war the SS has grown into a machine that controls every aspect of the Third Reich and brutally disposes of any opposition to Hitler.	USA	English-100	2015	RPT	PG	a v	Y

2019-09-16	1400	History	Soundtracks: Songs That Defined History	Kent State & The Vietnam War	01	3	In a truly unimaginable act of police brutality, national guardsmen shot and killed four college students in an anti-war protest on the Kent State campus in Ohio in 1970. Just weeks later, Neil Young channelled his rage into a haunting song called "Ohio", which was released and played on the radio almost immediately. Perhaps no other era in American history saw such an intense outpouring of politically driven popular music as the years around the Vietnam War. Songs from Buffalo Springfield, Phil Ochs, and Edwin Starr were explicit in their anti-war messaging while also providing a soundtrack for soldiers in the battlefield. These artists were exercising their fundamental American right to protest government actions, and in a newly ascendant age of protest it is worth exploring the vital role that music can play in society. 2019-09-16	1935	History	The Crown: Modernising The Monarchy		Modernising The Monarchy		01	3	At the end of the 1950s, Britain was transforming. The country was on the edge of a social revolution. But the Queen was criticised for being stuck in the past, she was seen as remote and inaccessible. To remain relevant, she embraced modern technology and gave her first ever televised Christmas broadcast, during which she awkwardly battled to overcome her natural reserve. Abroad she was much more successful in adapting to the changing times. She encouraged the former colonies of the British Empire to form a diverse and forward-looking association of nations. Her royal visit to Ghana in 1961, in the face of the British Government's resistance, showed the Queen to be a progressive, defiant and courageous leader of the new Commonwealth.
