The high casualty number pulled the previously unaligned US military into the war. This enthralling documentary focuses on eight individual passengers in those desperate last 18 minutes onboard; from the kitchens to the first class cabins, it is a story of heroism, sacrifice, luck and misfortune. 2017-09-17	1930	History	The Ascent Of Civilization	New Series Premiere	Carthaginians, The	02	1	This is a journey to the roots of the modern world: from the eclectic Germanic tribes that defied the mighty Romans, to the seafaring Carthaginians that established the first global trade network, and the pioneering Arabs and their advances into modern science. Meet the ancestors that have shaped the world. The Carthaginians were sly merchants and cruel child killers - at least according to the Ancient Romans and Greeks. But research shows that they weren't as bad as their reputation. Their story began around 3,000 years ago, when settlers left their homes in what is now Lebanon to set up colonies around the Mediterranean. The most powerful was Carthage, a bustling Metropolis in what is now Tunisia, with a port that was the envy of the entire world.	GERMANY	German-100	2016		PG	a l	Y	Y
2017-09-17	2030	History	Soundtracks: Songs That Defined History	New Episode	Kent State & The Vietnam War	01	3	In a truly unimaginable act of police brutality, national guardsmen shot and killed four college students in an anti-war protest on the Kent State campus in Ohio in 1970. Just weeks later, Neil Young channelled his rage into a haunting song called "Ohio", which was released and played on the radio almost immediately. Perhaps no other era in American history saw such an intense outpouring of politically driven popular music as the years around the Vietnam War. Songs from Buffalo Springfield, Phil Ochs, and Edwin Starr were explicit in their anti-war messaging while also providing a soundtrack for soldiers in the battlefield. These artists were exercising their fundamental American right to protest government actions, and in a newly ascendant age of protest it is worth exploring the vital role that music can play in society. 2017-09-17	2120	History	Soundtracks: Songs That Defined History	New Episode	Assassination Of Martin Luther King, Jr., The	01	1	The death of Martin Luther King Jr. marked a turning point in the civil rights movement, a moment of reckoning for African Americans in the United States. After the mourning, the community gathered its strength to continue King's fight, inspired by the fiery protest of Nina Simone, the black power anthems of James Brown, and the extraordinary voice of Aretha Franklin. The continued struggle for civil rights has been a long and uneven battle since 1968, but the spirit of resistance has been kept alive in the music, from Stevie Wonder's campaign to establish a Martin Luther King Holiday to Kendrick Lamar's searing protest song that became an anthem for the Black Lives Matter movement. The music in this episode both celebrates the strength and solidarity of the African American experience while reminding us how far we still have to go.	USA	English-100	2017		M		Y
