2017-10-01	1930	History	The Ascent Of Civilization	Final Episode Arabs, The	02	3	The Arabs have been bringing knowledge of the ancient world to Europe since the 8th century. In the fields of medicine, mathematics or philosophy, their scholars were far beyond their time and still affect our world today. For a long time the Arabs were estranged, not united by one nation or leader. They had little in common but a shared language. This didn't change until Mohammed ended polytheism, founded a new religion and united all of the Arabic tribes in their faith in one God: Allah.	GERMANY	German-100	2016		PG	n s v	Y	Y	
2017-10-01	2030	History	Soundtracks: Songs That Defined History	New Episode Berlin Wall And The Fall Of Communism, The	01	8	After decades living under a repressive Communist regime, the people of East Germany could no longer stay trapped behind the brick wall that separated them from their countrymen in the West - and so they tore that Wall down. Since the 1960s, West Berlin had been a cultural hotspot and a draw for artists like the Rolling Stones and David Bowie. But because rock music was considered politically dangerous to the Communist authorities, teenagers in the East had little access to it. This episode charts the course of the Cold War in Berlin through music, showing how it helped to sow the seeds of rebellion. After the Wall officially came down in 1989, a number of artists including Roger Waters of Pink Floyd put on concerts to celebrate. But it was a German band, the Scorpions, who came up with the true anthem of that moment in time, 'Wind of Change', which captured the bittersweet emotions behind such a dramatic moment in history. 2017-10-01	2120	History	Soundtracks: Songs That Defined History	Final Episode Out Loud And Proud	01	6	The LGBT movement in America began one night in late June on the streets of Greenwich Village, New York, in a bar called the Stonewall Inn. When police raided the place, gay men and women who had been made to live in the shadows of shame finally decided to fight back against the police, and to demand their civil rights. Bars and dance clubs were - and still are - places of refuge for LGBT people, and the music played on jukeboxes, from Judy Garland to Gloria Gaynor, has also been a vital aspect of the LGBT experience over the past five decades. Although the 1980s and 90s brought the AIDS crisis and anti-gay legislation that threatened the LGBT community, it only strengthened the resolve of activists - and artists - to push harder. Some musicians incorporated aspects of LGBT life into their lyrics. Others have furthered the cause of equality simply by coming out of the closet. This is a struggle that is not over, but with allies in popular culture like Lady Gaga, this episode shows the power of music to raise awareness and to preach tolerance.	USA	English-100	2017		M			Y

2017-10-04	1935	Culture & Society	Railways That Built Britain		Railways That Built Britain Series 1, The Ep 2	01	2	By the 1900s the railways had changed the face of Britain. By 1913, over a million Britons were using the railways to travel to Paris and beyond. But the wonders of the new railways had a dark side. For years, military planners had been working on ways to use them for war. When that war came in 1914, they proved deadly: within days, three million German troops had boarded trains for France, while in Britain half the army did the same. By 1945, the railways once again saved the country. Effectively nationalised and run from a secret location buried deep in an old underground station, the railways organised the evacuation of over a million children from the cities, and helped bring back half the British army from the beaches and northern France. Each garden provides a fascinating window into a different century and the people that established it. Nymans, one of the most fashionable and romantic gardens of the Edwardian and interwar years, was the creation of a family of German émigrés of Jewish descent. The Messels arrived in Britain in 1870 at a time when both anti-Semitism and anti-German sentiment were rife. Nevertheless, Ludwig Messel succeeded in establishing a successful stockbroking firm and creating at Nymans the quintessential English garden with rare plants and a theatrical herbaceous border inspired by William Robinson.
