But the shocking highs and lows of Tsarist rule were nothing compared to what would come next: one of the most significant events of the 20th century, the Russian Revolution. We'll tell the story that has come to shape geopolitics for the last 100 years, when the last of the Tsars was executed with his family, and Lenin came to power. Britain's National Health Service, the NHS, was the world's first universal public health service. Designed to give millions of people freedom from fear, the NHS today is under threat of being sold off and converted to a free market model inspired by America's disastrous health insurance system, which results in the death every year of an estimated 45,000 people. Now President Trump says the NHS is on the table in any future trade deal with America. Filmed in Britain and the United States, this timely, compelling documentary touches us all and reveals what may be the last battle to preserve the most fundamental human right. 2021-10-02	1500	Culture & Society	Australia's Forgotten Islands		Australia's Forgotten Islands	2018	0	A documentary chronicling the Cocos Keeling Islands - where Muslims outnumber Christians by more than five to one, and the Southern Star and the Islamic crescent moon sit side by side on the islands' flag. As Australian strategists eye up the value of the Cocos as a military outpost, the locals are forced to confront that their lives are in the hands of a government almost 6000kms away in Canberra, and they are part of a country that barely even knows they exist. The Cocos Islanders respond by formulating a plan that will ensure they have a voice in determining the future of their homeland. All it requires is for the man who expected to become the next 'King of the Cocos' to collaborate closely with the Malay people that his ancestors treated as virtually like slaves.
