2019-12-22	2030	History	Woodstock		Woodstock	00	0	In August 1969, nearly half a million people gathered at a farm in upstate New York to hear music. What happened over the next three days, however, was far more than a concert. It would become a legendary event - one that would define a generation and mark the end of one of the most turbulent decades in modern history. Occurring just weeks after an American set foot on the moon, the Woodstock music festival took place against a backdrop of a nation in conflict over sexual politics, civil rights, and the Vietnam War. A sense of an America in transition - a handoff of the country between generations with far different values and ideals - was tangibly present at what promoters billed as 'An Aquarian Exposition: 3 Days of Peace and Music'. After months of being trapped in port in northern France, the winds finally change and Duke William leads his vast invasion fleet across the Channel. But King Harold is 300 miles away in the north having defeated the Vikings. He has to rush back south, gather a new army, and head to Hastings to take on this new invasion. The two armies will meet at Battle in Sussex on 14th October 1066. And the outcome will change the shape of England and Europe forever.	UNITED KINGDOM	English-100	2016	RPT	M	v	Y

2019-12-22	2530	Health, Science & Technology	The Sugar Conspiracy		Sugar Coated	0	0	This compelling investigative documentary exposes the US sugar industry's systematic hijacking of scientific study to bury evidence that sugar is, in fact, toxic. For forty years, Big Sugar deflected threats to its multi-billion dollar empire through creative PR and tactics strikingly similar to the way the tobacco industry disguised the fact that its products are addictive and cause fatal illnesses. As obesity rates skyrocket and doctors treat the first generation of children suffering from fatty liver disease, the sugar industry has come under increasing scrutiny from emerging scientific and medical studies. While the industry steps up its advertising spin and lobbying efforts, this film warns that we are sitting on a dietary time bomb.	CANADA	English-100	2014	RPT	PG			Y
