2020-02-23	2130	History	Inside North Korea's Dynasty		Kingdom Of The Kims	01	1	For decades, Korea and its people laboured under Japanese imperialist rule. But in 1912, in a small town outside Pyongyang, a child is born - Kim Il Sung, coinciding with an omen of imperialism's doom. This is the story of how an unknown guerrilla fighter rises to power, takes complete control of his country and makes himself a god in the eyes of his people. Recounted through firsthand testimony and expertly curated archive, this episode explores Sung's early days in power, how he starts the Korean War, establishes gulags for anyone who could be 'hostile', tries to assassinate the President of South Korea, and plays a dangerous game of brinkmanship with the United States, including capturing a U.S. Navy ship - the USS Pueblo - taking American sailors prisoner, and the infamous tree-cutting axe murders in the Demilitarized Zone. Disturbing gang assaults were being carried out on coastal cliffs around Sydney, and mysterious deaths officially recorded as 'suicide', 'disappearance' and 'misadventure'. Survivors, witnesses, families of victims and many of those involved at the time including ex-police, investigative journalists, forensic pathologists and the ex-Deputy State Coroner are now candidly speaking out on the events of the past in the hope that new evidence might rise to the surface. 2020-02-23	2505	History	Soundtracks: Songs That Defined History	Mardi Gras Week	Out Loud And Proud	01	6	The LGBT movement in America began one night in late June on the streets of Greenwich Village, New York, in a bar called the Stonewall Inn. When police raided the place, gay men and women who had been made to live in the shadows of shame finally decided to fight back against the police, and to demand their civil rights. Bars and dance clubs were - and still are - places of refuge for LGBT people, and the music played on jukeboxes, from Judy Garland to Gloria Gaynor, has also been a vital aspect of the LGBT experience over the past five decades. Although the 1980s and 90s brought the AIDS crisis and anti-gay legislation that threatened the LGBT community, it only strengthened the resolve of activists - and artists - to push harder. Some musicians incorporated aspects of LGBT life into their lyrics. Others have furthered the cause of equality simply by coming out of the closet. This is a struggle that is not over, but with allies in popular culture like Lady Gaga, this episode shows the power of music to raise awareness and to preach tolerance. New evidence suggests the tomb's stunning contents were meant for someone else. But who is more deserving of such opulence than Egypt's most famous king? Tutankhamun's legendary death mask is arguably the greatest treasure in history, found on the head of the king's mummified remains. Yet the mask betrays more than the king's wealth. Discrepancies between the mask and the head piece have led Egyptologist Nicholas Reeves at the University of Arizona to theorise that the mask wasn't intended for Tutankhamun, but remodelled for him. The presence of earring holes suggests it was originally intended for a woman. Now it's time to put this theory to the test.	UNITED KINGDOM	English-100	2017	RPT	PG		Y
