(From the UK) (Factual Entertainment Series) (Rpt) G CC
- 5:00 pm **Climbing Great Buildings - Lloyd's Building** - Dr Jonathan Foyle's journey takes him to the Lloyd's Building in the heart of the City of London. Built between 1978 and 1986, it is one of the finest examples of high-tech architecture in Britain and one of the great icons of London. Jonathan abseils over 90 metres to reveal how this ultra-modern building was inspired by a Gothic castle. He also meets Lord Rogers, one of the greatest architects of his generation and the man behind the audacious building. (From the UK) (Documentary Series) (Rpt) G CC
- 5:30 pm **Footprints Of War** - Footprints of War explores two antagonistic logics: one of strength and conflict versus the logic of life and balance. Beyond the physical scars let on a landscape, our planet is confronted by serious side effects of modern warfare that are more than just expensive to clean up. What does a war mean to our ecosystem and how is the global eco-balance affected? Can a modern war be eco-friendly? What does it mean when a military machinery is put into motion, what resources are needed and how much are used? This documentary looks back at our world's history, starting with the battlefields of World War I as one of the birthplaces of modern ecocide. (From Germany, in English, German & Russian) (Documentary) (class tba) CC **\*\*Premiere\*\***

- 7:30 pm **Walking Through History - Wigan Pier** - Tony walks from Liverpool Docks to Wigan Pier, following the route of Britain's longest canal, the Liverpool to Leeds. Between 1820 and 1850 as the Industrial Revolution really took off, this canal was hugely profitable and hugely busy. But it wasn't just about linking factories and ports. The canal opened up all sorts of new opportunities for business...and pleasure. (Part 4 of 6) (From the UK) (Documentary) (Rpt) G CC
- 8:30 pm **WWII Air Crash Detectives** - On a cold dark night in February, 1943, five trainees aboard a B-25 Mitchell Bomber struggle to find their bearings. Confused at their exact whereabouts the aircraft finally slams into Sharp Top Mountain high above the American town of Bedford in Virginia. It was the third training crash in the area that night – and the worse. What really caused this accident? Was it because of "Pilot Error", equipment failure, bad weather, or could the mission have been doomed from the beginning? We join enthusiast Don Yeargin as he pours over the official reports, newspaper clippings and telephone transcriptions together with Computer simulations to demonstrate how this tragic accident was more a failure of procedure than Pilot error.
